December 27, 2021

The Honorable James C. Justice
Governor of West Virginia
State Capitol, Building 1
Charleston, WV 25305

Dear Governor Justice,

The West Virginia Board of Physical Therapy is pleased to provide you with our report of the biennium covering activities during the period between July 1, 2019, and June 30, 2021

The mission of our board is to promote and protect the public health, safety, and welfare through the examination, licensure, and regulation of physical therapists, physical therapist assistants and athletic trainers.

Physical therapist and physical therapist assistant applicants are licensed by endorsement or by exam (NPTE). Athletic trainer applicants are licensed by endorsement or by exam via BOC certified. License renewals are biennial. Physical therapist and physical therapist assistant can renew online or by mail and athletic trainers can renew by mail.

During the 2020 Legislative Session, the Board modified 16CSR1 by adding rules regarding criminal history record checks, modified 16CSR5 by adding the rules and regulations outlining the scope of practice for athletic trainers, and added a new series 16CSR9, which provides the rules regarding application for waiver of initial licensing fees for certain individuals.

During the 2021 Legislative Session, the Board modified 16CSR1 by adding dry needling in the scope of practice for physical therapists and adding rules and regulations regarding telehealth.

FSBPT

The Federation of State Boards of Physical Therapy develops and administers the National Physical Therapy Examination (NPTE) for both physical therapists and physical therapist assistants in 53 jurisdictions (the 50 states, the District of Columbia, Puerto Rico, and the Virgin Islands.) These exams assess the basic entry-level competence for first time licensure or registration as a PT or PTA within the 53 jurisdictions.

CE REQUIREMENTS

The Board monitors licensed physical therapist and physical therapist assistant's compliance with continuing education requirements. Licensee are required to have 24 WV board approved CE hours per licensing period. The Board conducts a random 10% annual audit each year.

The Board monitors licensed athletic trainer's compliance with continuing education requirements. Licensees are required to have 50 WV board approved CE hours per licensing period. The Board conducts a random 10% annual audit each year.

PHYSICAL THERAPY LICENSURE COMPACT

The purpose of the physical therapy compact is to facilitate interstate practice of physical therapy with the goal of improving public access to physical therapy services.

There are many benefits to the public with the Physical Therapy Licensure Compact which include: improves continuity of care, improves portability for military spouses, improves access to physical therapy providers, increases choice of physical therapy providers and facilitates alternate delivery methods (telehealth).

The West Virginia Board of Physical Therapy began issuing compact privileges on March 10, 2020. Between March 10, 2020, and June 30, 2020, the Board issued 29 compact privileges to physical therapists and physical therapy assistants who hold unencumbered licenses in other states. For fiscal year 2021 the Board issued 66 compact privileges to physical therapist and physical therapy assistants who hold unencumbered licenses in other states. During fiscal year 2021, the Board also had 16 renewed compact privileges. The Board anticipates these numbers to continue to grow over the coming years.
